Who Moved My Cheese?

Written by Spencer Johnson, M.D., this video discusses how change can be a blessing or a curse, depending on your perspective. The message of *Who Moved My Cheese* (change) is that all can come to see it as a blessing, if they understand the nature of cheese and the role it plays in their lives.

Most of us reading the story will see the cheese as something related to our livelihoods ... our jobs, our career paths, the industries we work in ... although it can stand for anything, from health to relationships. The point of the story is that we have to be alert to changes in the cheese and be prepared to go running off in search of new sources of cheese when the cheese we have runs out.

Character Is Destiny!

Pick up any newspaper, watch any news show, or read any business magazine, and the topic of character comes up. Why is character discussed so regularly? And why do experts believe a strong character is vital to the long-term success of every individual and every organization?

Key Concepts are:

- Thoughts: Where Character Begins
- Acts: Knowing What's Right, Doing What's Right
- Habits: Making Good Character Second Nature
- Character: Our Behavior Reflects Our Being
- Destiny: Reap What You Sow

- 10:00 am – 2:00 pm **Ladies Activity**
