

2011 Committees

As is customary with the change of officers and election of new directors the new administration consults with officers and reviews standing committees for any adjustments that may be necessary. Then assignment of directors to various committees is made by the president.

There are nine committees: Awards, Critical Issues, Education, Executive Search, Finance, Ladies Group, Membership, Scholarship and Vendors. Directors serve on multiple committees.

The Ladies Group Govern Committee is composed of the spouses of directors and meets during the director's annual meeting to plan the ladies group activities for the annual conference. The ladies group has been the primary fundraising organization for the association's scholarship program.

Vendors

Bob Covey
Jim Herman, **Chair**

Directors are nominated on Thursday morning during the general business session at the annual conference. Members can visit with the candidates during the conference to express their views and learn the views of candidates. Election of new directors takes place during the general business session on Saturday morning of the conference.

Eight directors, as currently required by association Bylaws, must be from east of the Mississippi River and eight from west of the Mississippi. Currently 13 directors are from the United States, two from Canada and one from Sweden.
